

NEW SOUTH WALES ICE SKATING ASSOC INC

Code of Ethics

Membership of the New South Wales Ice Skating Association carries with it an automatic requirement that courtesy and due consideration be shown to all persons at all times. It is every member's responsibility to uphold this requirement and to make the sport of figure skating as pleasant as possible for all participants.

Please –

- Be courteous and pleasant to fellow skaters and officials, both on and off the ice
- Think before you speak or act
- Do not indulge in verbal or physical exchanges from which abusive or violent behaviour may result.
- If necessary, consult an official or a representative of the rink management and request assistance.

Bad behaviour both on and off the ice can result in suspension from competition and test sessions.

The officials and judges of the NSWISA give their time generously so that skaters can have competitions and tests at all rinks. They deserve the support of all members. Loud and public criticism of them will not be tolerated.
