

## PRESENTATION INFORMATION

Presentations at the 2023 Australian Figure Skating Championships will follow the ISU Championship procedure as outlined in ISU Rule 393. An overview of this process is as follows:

1. For each Division, the skaters who place will be called to the podium in the following order:
  - ☆ 3<sup>rd</sup> Place
  - ☆ 2<sup>nd</sup> Place
  - ☆ 1<sup>st</sup> Place
2. This process will continue for each of the divisions to be awarded each presentation session.
3. Medals will be presented for the final overall place in each division only.

All skaters are asked to be ready with skates on and jackets off at the conclusion of the program of the final skater prior to the scheduled presentation session.

All Referees and Technical Controllers involved in presentations are asked to make their way to the presentation area as soon as results are signed off if their presentation is immediately after the event, or at the conclusion of the program of the final skater prior to the scheduled presentation.

We ask for your assistance with ensuring the smooth running of the presentations at this Championships to ensure we stay on schedule for all competitors.
