

New South Wales Ice Skating Assoc Inc

Dear Skaters,

Following on from the positive feedback received from the Spin Feedback Reviews that were conducted at the recent NSWISA Pre-Season Training and Development Camp we are pleased to be able to offer feedback session as part of the SFSC Trophy Night Competition on the 3rd May.

The reviews will be conducted online via Zoom after the event in the following week.

If skaters would like to participate, they should seek endorsement from their coach and when completing the entry form for the competition they will need to select Yes to a feedback session.

Feedback sessions will be available for the Preliminary – Senior divisions.

Coaches are welcome to attend the online feedback session via Zoom. If no coach attending and the skater is under the age of 18 then a parent or guardian must attend the feedback session with the skater.

Feedback will be conducted by officials that were on the relevant skater's panels and may include:

- The Technical Controller
- The Referee
- 1 Judge
- 1 Technical Specialist

Feedback sessions will be 1:1 and will run for approx. 10/15mins each.

Feedback sessions will attempt to cover all aspects of the program but will focus on strengths and areas of opportunity, skaters may also ask questions.

Cameras must be on throughout the feedback session.

Warm regards
NSWISA
